

*At The Pregnancy Centre, our priority is the health and safety of our clients, staff and community.*

We have diligently been following the guidelines and framework set out by the province of Ontario that outlines the principles needed to reopen our centre gradually.

Our office and support services can now be accessed by making an appointment through [our website](#), **by phone at 519-886-4001 or text 519-504-4411**. Safety precautions are in place including physical distancing, availability of personal protective equipment as well as sanitation procedures.

We continue to provide online support to our current client moms and are now arranging for a **new curbside pick-up** of supplies including diapers, formula, and other necessities.

We are thankful for your ongoing support as we continue to serve our moms during this time of reopening. For donations to the Care Closet please call the centre to book a drop-off appointment.

If you are able to help with emergency supplies, please [donate here](#). This allows us to keep diapers, wipes, and formula in the hands of our moms.

If you have additional questions or need any other support, please contact us at [info@pregnancycentre.ca](mailto:info@pregnancycentre.ca).

*We are here to support you through this process.*
